

About Affinity Financial Group

Affinity Financial Group is a full-service insurance agency specializing in small business insurance. Yet, we look to do more than provide affordable, comprehensive insurance solutions that provide peace-of-mind and protect against life's uncertainties. We strive to cement lasting relationships based on trust by delivering exceptional customer service, expert guidance and timely support. Additionally, our desire to serve and connect with our community has led to our participation in clothing drives and other initiatives.

During his time as an independent property claims adjuster, Rudolph Hill realized there was a need for personalized service and education when purchasing insurance. As a result of decades of experience in insurance, our focus on customer care, and shared goal of protecting what matters most, Affinity Financial Group is empowered to fulfill these needs for our clients to help them secure proper insurance coverage.
