

Subject: Important Brumfield Insurance Updates

Dear _____,

The events of the last few years have resulted in widespread change. At Brumfield Insurance, we focus on assisting you financially through the events that can affect your life personally. We understand change - and there are two recent, positive agency updates that I'd like to share with you:

First, Brumfield Insurance will be relocating to 2180 Satellite Blvd, Duluth GA, 30097, effective June 3rd, 2022. This change will enhance our ability to connect with and serve residents in the Georgia area. Our agency will still be reachable via phone at 678-814-4933 or email at hello@brumfieldagency.com. Please note that we will still have a satellite location on the south side (Stockbridge) available via appointments only.

I am also excited to announce that I am on the Smart Choice Agency Advisory Council which will assist in the selection of the Diversity Council. This opportunity stands out to me as a chance to engage with an organization that truly desires to make diversity, equity and inclusion an everyday thought, not an annual discussion.

While some things may change, Brumfield Insurance will always be dedicated to protecting what means most to you.

I hope that you are anticipating a wonderful summer ahead and that you will visit us at our new location soon.

Thank you,
Phyllis Brumfield
